Geoffrey's Desk . . .

Have you been enjoying this warm weather we have been having? Well as I write this, the forecast is for cooler weather to begin moving through tonight. It looks like it will be with us for several days, but then again, it's January. The middle of January also means that it's a holiday weekend, and I know that some of you will be away. Stay safe, and we will look forward to seeing you when you return. This weekend also marks 33 years since my family moved here to begin my work in Clarksville. Many things have happened since then (including a move from Madison Street to this property), and the world has changed in a number of ways. There have been ups and downs, but I am thankful for the support I have gotten from this church family. As we move ahead, let's pray for "2020 Vision" to see what is truly important. I know that when we keep our eyes on Jesus, we will be amazed at what we can

accomplish.
