COVID-19 CORONAVIRUS SCHEDULE UPDATE

As you know, the situation with the COVID-19 coronavirus outbreak seems to change hour by hour. We want you to know that we are closely monitoring the situation, and we will continue to inform you of any and all changes to our normal schedules.

For the present, in light of the latest CDC recommendations, there will be **NO GATHERINGS** at our building for the next two and a half weeks. This means that we will not be having Bible classes or worship assemblies on **March 22** or **March 29**. We also will not meet on the Wednesday evenings of **March 18 (TONIGHT)**, **March 25**, or **April 1**. All other activities (scouts, basketball, meals, etc.) have also been

canceled. In addition, the Men's Retreat scheduled for **April 4-5** has been canceled as well.

During this time, we will be sending out updates via *The Messenger*, *The Weekender*, and our phone tree. You will also be updated about our schedule beyond April 4 as the time draws closer. If you are not currently receiving notifications, please contact the office with your email address and/or phone number.

NOTE: We are currently planning on streaming a time of worship (with songs, communion, and a lesson) on Sundays at 10:00 as long as needed, and we invite you to share in that time via computer or phone. We will post more information about this in The Weekender which is emailed on Friday afternoons.

In the meantime, please exercise caution. Please review the steps below to help protect yourself:

Wash your hands often with soap and water for at least 20 seconds, especially after you have been in a public place or after blowing your nose, coughing, or sneezing. If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol. Cover all surfaces of your hands and rub them together until they feel dry.

Avoid touching your eyes, nose, and mouth with unwashed hands.

Drink water regularly

Avoid close contact with people who are sick

Stay home when you are sick

Cough or sneeze into your elbow, or cover your cough or sneeze with a tissue, and then throw the tissue into the trash. Wash your hands immediately

Clean and disinfect frequently touched objects and surfaces

Reported illnesses have ranged from mild symptoms to severe illness and death for confirmed COVID-19 coronavirus cases.

The following symptoms may appear 2-14 days after exposure:

Fever

Dry Cough

Shortness of breath

If you develop emergency warning signs for COVID-19, get medical attention immediately. Emergency warning signs include:

Difficulty breathing or shortness of breath

Persistent pain or pressure in the chest

New confusion or difficulty awakening

Bluish lips or face

This list is not all inclusive. Please consult your medical provider for any other symptoms that are severe or concerning.

From Geoffrey's Desk . . .

We are living through some very strange times right now. I hope they include times of prayer for you and your family. The coronavirus situation is changing day by day and even hour by hour. The most immediate result is the unprecedented change in our schedule. I encourage you to take a good look at the schedule changes that are mentioned above, and I also urge you to take any necessary precautions to remain safe. I will look forward to “visiting” with you **this Sunday at 10:00** on our Facebook page (and perhaps other platforms, as well). In the meantime, stay safe over the next couple weeks or so, and be sure to look at Friday’s emailing of *The Weekender* for the latest update on everything.
